About Us

Loyd building material is a trading company with complete solutions for building materials, construction supplies, electrical items, consumables items general items. Loyd is a reputed building materials trading company in Middle East region in Dubai U.A.E.

Since its inception in 2005, Loyd building material has established its footprint across the U.A.E through providing high quality products and reliable service to our customers. With our reliable products, talented people and a responsible approach to business, we steadily increase our business share in these markets.

We offer wide range of building materials from Tools, Hardware, Plumbing, Sanitary fittings and Safety Products which cater to all price bands. We are offering quality products under our own brands Bronko, Stuhl(Concrete Spacers), along with renowned international brands like Stanley, Dewalt, Makita, Pegler, Peta, Bartoline, Global, etc.

Being a customer focused company, our goal is to exceed the expectations of every customer by offering outstanding service, increased flexibility and greater value. We offer the most competitive prices in the market with no compromise on the quality of our products. With a dedicated procurement team, we source quality products from all over the globe to meet the requirements of our customers.

We have got an extensive Logistics Network all United Arab Emirates which allows us to cater the needs of every customer and provide seamless service. Our professionally managed Logistics Network is the backbone for the company's success. We are continuously gauging ourselves and taking necessary measures to strive perfection.

We look forward for your constant support and promise to cater best of our services at all times.

Our Mission

"To empower our customer, to help them achieve higher Levels of productivity by providing better solutions, services and products"

Our Vision

"To grow and thrive with our customers by being their reliable supplier partner"
